

Making a Mural

1. Brainstorm with the children what they would like to include in their mural.
2. Clear a space on the floor and put down a long sheet of roller paper.
3. If necessary, designate who will draw some of the specific people and actions.
4. All of the children can participate in drawing the large crowd.
5. When the mural is complete, post it in a public place in the parish for all to enjoy!
