

Imagining the Last Supper

1. Tell the children that you are going to read them a story about Jesus and the disciples. Explain that you want them to close their eyes and use their imaginations to picture the story.
2. Read the story of the Last Supper as it is written in this chapter. Be sure to read very slowly, pausing now and then, to give the children time to visualize what they hear.
3. When you have finished reading, invite the children to share what they saw.
