

Writing Creeds

1. After reading about and discussing the Apostle's Creed, explain to the children that they are going to have a chance to write their own creeds.
2. Write *God*, *Jesus*, and *Holy Spirit* on the chalkboard. Explain that in the creeds, the children need to write what they believe about each.
3. You can have the children work alone, with a partner, or assign this as homework that they can complete with a parent or other adult.
4. When the children have finished, provide an opportunity for sharing. Post the creeds in a public place for others to see.
