

## **Learning About Eucharistic Ministry to the Homebound**

1. Talk to your pastor or director of pastoral care. Ask for the name of someone who would be willing to talk with the children about their ministry to the homebound.
2. Ask your guest to share what they do when they bring Eucharist to someone. Have them explain why this ministry is so important.
3. Encourage your guest to also share what their ministry means to them.

Be sure to provide time for the children to ask questions.
