

## Just Like Jesus

Children are great imitators and role-play helps to channel their “vision of others” in a positive direction.

1. Divide your class into four groups.
2. Have each group choose a scene to role-play.

*Members of the group can take turns being Jesus the teacher, the students, Jesus the healer, the sick people, themselves, mom, dad.*

**Pretend you are Jesus the teacher.**  
What would you tell your students about God?

**Pretend you are Jesus the healer.**  
What would you do for people who are sick?

**Pretend you are you!**  
How will you tell your friends about God?

**Pretend you are you!**  
What will you do for your mom or dad or grandparents when they are not feeling well?
