

# Making Prophetic Speeches

1. Explain that the children are each going to have the opportunity to speak as a prophet to the rest of the group.
2. Talk with the children about issues prophets might address today, such as homelessness, violence, or taking care of the environment. *Give the children time to write their speeches.*
3. When everyone is finished, provide time for each child to share a speech.
4. Be sure to affirm every child's speech.
